**RESPONSE TO RESTRICTION AND ELECTION OF SPECIES REQUIREMENT**

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This responds to the Restriction and Election of Species Requirement, dated April 22, 2008.

In response to the Restriction Requirement, Applicant elects Group II, claims 4-12 (drawn to biodegradable film having a honeycomb structure) for examination. This election is made without traverse.

In response to the Election of Species Requirement, Applicant elects polylactic acid for examination, on which claims 4-6 and 8-12 are believed to be readable. This election is made with traverse on the ground that the common technical feature among these species is the coexistence of phospholipids in the honeycomb film.
